Music Workshops

Centrum is one of the nation's pioneers in presenting week-long workshops and weekend intensives in jazz, acoustic blues, and traditional folk arts for pre-professional and aspiring musicians. Led by internationally-renowned artistic directors, the faculty, comprised of performers from around the world, share their knowledge of the craft, utilizing the most modern pedagogical techniques along with the centuries-old, time-tested tradition of oral instruction.

Centrum Literary Programs

North America's top writers and poets have gathered at Fort Worden each year since 1974, sharing ideas with fellow writers and aspiring students. A wide variety of workshops are offered each summer in addition to year-round writing intensives focusing on a specific genre or topic. Readings and lectures are offered to the general public free of charge.

World-class Performances for the Community

Each summer, thousands of local residents and visitors from all over the Northwest come to Fort Worden and downtown Port Townsend to enjoy an array of outstanding performances and readings. Guest artists, who serve as faculty for the workshops, perform in intimate settings throughout Port Townsend and then join with ensembles from around the world for mainstage performances at Wheeler Theater and McCurdy Pavilion.

Creative Residencies

Centrum provides working artists the refuge and resources needed to create and complete artistic projects. Artists from all over the country come to Fort Worden and stay in a Centrum cabin and utilize an array of amenities including a printmaking studio, recording studio, and other facilities or simply take inspiration from the breathtaking vistas of the Puget Sound and San Juan Islands to create their work. More than 1,000 artists have participated in Centrum residencies since 1974.

Young Artists Project

Sparking the artistic potential of young people through creative expression and exploration is at the core of Centrum's mission. Each year, students in grades 5 - 12 from schools throughout the state come to Fort Worden for an intensive week of music, dance, creative writing and theatrical arts. Joining with the Office of the Superintendent for Public Instruction, the Port Townsend Marine Science Center, and other partners, Centrum offers an unparalleled arts experience that greatly enhances the curriculum of elementary and secondary education.
